FCG works with payers and providers to tackle health care policy projects with a fundamental commitment to client partnership. We work side by side with our clients to ensure that our

policy analyses and guidance fit within the clients' business models and capacity. We bring an analytical perspective to health policy issues with an emphasis on data-driven decision making.

FCG and HealthSource RI

HealthSource RI offers a place for Rhode Islanders to easily compare health insurance options, learn if they qualify for government subsidies or Medicaid, and enroll in insurance. It provides tools, resources, and information to individuals, families and small businesses to weigh a range of insurance options and choose a plan that fits their needs. HealthSource RI coordinates enrollment, billing and eligibility for tax credits, all in one convenient place, with experts available to help with any questions, concerns or issues.

Since the spring of 2011, Faulkner Consulting Group has been working with the state of Rhode Island to create and implement HealthSource RI. Our consultants oversee many aspects of HSRI design and development, including vendor relationships, financial analysis, coordination with other states, stakeholder communication, and interfacing with federal authorities.

Faulkner Consulting Group is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, gender, sexual orientation, gender identity or expression, religion, national origin, marital status, age, disability, veteran status, genetic information, or any other protected status.
